

REMARKS

This is in response to the Office Action dated April 8, 2008. Claims 1-26 are currently pending.

Claims 1-26 stand rejected under Section 112. This Section 112 rejection is respectfully traversed.

The Office Action contends that the claims are indefinite because of the phrase "batch redox." This allegation is incorrect. "Batch redox" is a known term, and the way in which it is calculated is well known in the art. E.g., see the instant specification at page 7, lines 17-27. Another example of the fact that "batch redox" is a well known term in the art is found in paragraph [0038] of US 2003/0199384, which has already been considered by the Examiner in connection with this case. Accordingly, it will be appreciated that "batch redox" is a well known term, as is the technique for calculating the same (e.g., page 7, lines 17-27, of the instant specification). The phrase is clear and definite.

It is respectfully requested that all rejections be withdrawn. All claims are in condition for allowance.

Respectfully submitted,

NIXON & VANDERHYE P.C.
